

## Thusanani Foundation

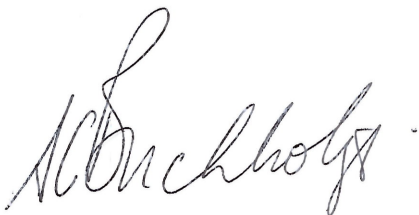

To whom it may concern

Thusanani Foundation partnered with Merrill Lynch South Africa in support of the Adopt-A-School Foundation's Back to School For a Day initiative on 17 May 2013.

The programme was to provide career guidance and counseling to the Grade 10 – 12 learners of Elethu Themba School, in Eikenhoff. The members of the Thusanani Foundation team were able to relate to the learners of the school and provide valuable information and insight into the life of a learner once they had passed Grade 12. The following information was shared with the students:

- Career Guidance
- Curriculum Planning
- Higher Education Funding Opportunities Awareness
- NSFAS Literacy and awareness
- Completion of Universities, FET Colleges, Bursaries & NSFAS Application forms
- Peer to Peer life Skills Development
- HIV Aids guidance

It was a pleasure having Thusanani at our Adopt-A-School day and we found them to be professional and their interaction with the learners was commendable.
